

## Instructions for Searching and Downloading Freegal Music

1. Login to Freegal Music using your library card # and PIN.  
(last 4 digits of your phone #)
  2. Search songs by Genre, Featured Artists, Search Entry box or the Advanced Search.
  3. You can preview any songs by clicking on the play button.
  4. To Download a song, click on the **Download Now** link to start the Download process.
  5. The File Download window opens.
  6. Click the SAVE button to continue.
  7. The SAVE AS window appears.
  8. The default setting is usually iTunes or Windows Media Player. The easiest place to SAVE is on the Desktop which you can choose from the drop down menu.
  10. Once the file is saved, right click and drag it to your MP3 player, etc. or save it via USB to an External Removal Device.
- \*\* if you have any other problems when Downloading, please refer to the Freegal Download Troubleshooting document.
